Matilda is such a beautiful, friendly and affectionate girl who all the staff love. Although Matilda isn't keen on other cats she does enjoy being fussed and stroked & any attention is quite welcome, as long as she can please herself and walk away, when she has had enough. She would like to live in a household with older children 16 years + or preferably a quieter adult home. Matilda is ready to find her forever home as an indoor/outdoor cat and whoever does adopt her will be very lucky, she really is a lovely cat.

I'd prefer to be the only cat in a home
