

Beatrice

BREED

Domestic Short Hair

AGE

5 Years Approx

COLOUR

Ginger and Brown Tortie

Beatrice is beautiful ginger and brown tortie female. She is 5 years old and has a very affectionate personality. She loves nothing more than lots of gentle strokes. She has been known to salivate as she is so relaxed and content when being fussed over. She will need access to the outdoors, however we feel that due to her friendly and laid back nature she is likely to stay very close and spend a lot of her time indoors.

Beatrice has lived with another cat previously and could live with another suitable cat depending on compatibility. She would be suitable to live with children of any age, however the children would need to be supervised when interacting with her by an appropriate adult.

This assessment is ongoing and may change as time passes.

I could live with children

I may be able to live with another cat

I need to be able to go outside and explore

I'll probably spend more time inside
