Bernice is a 5 year old female tabby. She enjoys her own space and will need a patient owner willing to give her the time she needs to feel comfortable and come out of her shell. She has a slightly grumpy exterior and has been known to have a hiss or two when she is unhappy, but when you give her a little time she becomes a sweet cat that enjoys a gentle fuss. Bernice enjoys quiet time, so a calm and relaxed home would be ideal for her.

Bernice would prefer to be the only cat in the household, however has lived with another cat before so could do so again depending on compatibility. She may be able to live with sensible children around secondary school age, but will need to be left alone initially while she explores her new surroundings.

This assessment is ongoing and may change as time goes by.

I could live with children secondary
