Samba is a 10 month old male ginger tabby. He has very limited vision so will need to be an indoor cat only. He is a friendly boy and loves to receive fuss and attention, he also seems very relaxed and will take himself off to his bed for his nap. He is happy to be groomed and will rub himself all over the brush.

His new owners will need to be very careful not to let him outside. Samba will need to be the only pet in a calm and quiet household with adults only. He gets around very well and uses his litter tray as well as any other cat.

This assessment is ongoing and aspects may change as time goes by.

I'd prefer an adult only household

I'd prefer to be the only cat in a home

I need to be kept indoors

I love company and would like you to be around a good part of the day
