Ophelia is a 5 year old female cat.

She is a very sweet girl with a calm and confident nature. She adores meeting new people and is very happy to be groomed. She has lived with another cat but does appear to like her own space, so may be well suited to a home with another calm cat that is not too full on.

Overall, she is a really sweet lady who enjoys meeting new people and is very relaxed and calm.

She could live with cat savvy children of primary school age and above.
