Tabby

**Sally is a 1 year old, she can be a bit shy at first but she does become very affectionate.**

**She will benefit from lots of hidey places around the home whilst she settles in. Once she becomes comfortable Sally will show her cheeky character.**

**Sally will benefit from a home where she is the only pet in the household and with cat savvy children of secondary school age. She will need access to outdoors so no homes on main roads or near railway lines.**

**This assessment is ongoing and aspects may change as time goes by.**
