Oreo is a very affectionate and loving 4 month old kitten. He absolutely loves to play and receive plenty of fuss and cuddles; he is a confident little boy. He has very high energy so will need a lot of playtime. At times he can think you are the plaything so owners will need to offer cat appropriate play things for him. Oreo loves to play with other cats so could possibly live with another cat. He would need to be rehomed with indoor/outdoor access so he can explore. Oreo can be rehomed with children ages 5+.
