Chloe is a confident and affectionate 1 year old female.

Chloe loves to play with her toys and is always seen playing with them when undisturbed.

She enjoys climbing all over your knee for some fuss.

She would need access to the outdoors, so no homes on the main road or near a railway line.

Chloe would be well suited to a home with children of primary school age and above and could possibly live with another compatible cat.

This assessment is ongoing and aspects may change as time goes by.
