Mittens is a 2 year old friendly cat who loves people! She is happy to meet new people and enjoys a good fuss.

She enjoys being groomed and will tolerate being picked up for a short period of time.

We are looking for a home where she is the only pet and with children aged 7 and above.

Milly will need access to the outdoors so can't be rehomed on a main road or near a railway.

This assessment is ongoing and aspects may change as time goes by.

I would prefer not to live with a dog

I'd prefer to be the only cat in a home

I could live with children primary school aged

I need to be able to go outside and explore
