COLOUR

White and Black

Milly Is a really sweet friendly cat that loves affection and will meow at you to demand attention.

She will need regular grooming as she is a long haired cat, she has been fine being groomed but is not comfortable with her tail being brushed so she will just need shorter more regular sessions with this area.

Milly would be happy to live with children ages 5 and above.

She has a wonderful temperament and is true character.

She knows how to use the cat flap and is litter trained. She would benefit from a home that is not near a main road or railway, so that she can enjoy the pleasure of the outdoors.
