

Sasha

BREED

German Shepherd crossbreed

AGE

10 years approx

COLOUR

Tan and white

Sasha is such a beautiful and playful girl. She has gained so much confidence and loves running around the field with you and jumping up for cuddles. Sasha is much more confident however can still be nervous of new people at first, but once she trusts you, you will receive plenty of kisses. Sasha is wonderful to spend time with, she is very active and would love an active household where she can do plenty of exploring. Sasha is good around other dogs, however can snap a little at them if they come too close. Potential adopters would be required to do multiple viewings with Sasha in order to create a strong bond with her.

I may be able to live with another dog

I could live with children secondary school age
