Fleur

Fleur is a lovely, affectionate dog who loves fuss and is usually very calm and not to giddy. She can pull on the lead at first but tends to settle down on her walk. Fleur is wonderful to play with off the lead and loves to play fetch with a ball. She will make an excellent companion in most households, she would like to be the only dog in the household and can live with children ages 7+.

I'd prefer to be the only animal in a home

I'd prefer not to live with a cat
