

Harvey

BREED

Staffordshire Bull Terrier

AGE

2 years

COLOUR

Brindle

Harvey is a very energetic, loving playful dog who enjoys nothing more than playing fetch in the field with his ball. Harvey would benefit from training classes as he can sometimes have selective hearing when it comes to getting him back on his lead. He is an absolute joy to spend time with although he can sometimes pull on the lead he just loves to explore. Harvey is calm around other dogs and has such a wonderful cheeky personality. He will make such an amazing companion in most households.

I may be able to live with another dog

I could live with children secondary school age
