**Xena is a 1 year old Staffordshire Bull Terrier. She is a friendly girl with a big passion for toys. She would love a home that would provide her with her very own toy box. Xena is working on giving up her toys but will require continued training in this area from an experienced owner. Xena is unsure of other dogs and will require further distance training. She focuses on her handler really well when there are high value treats but will need to be kept at a distance she is comfortable with.**

**Xena is looking for a mature active family as she is always on the go and will require lots of basic lead work. She needs to be the only pet in the home and can live with children of secondary school age. Xena will need an experienced staffy owner with plenty of time available.**
