Ruby is approximately 5 years old and is a very loving and sweet girl. She loves receiving tummy rubs and cuddling up with you in the evening. She would be well suited to an active family as she loves exploring, but would need to be the only pet in the home.

She enjoys the company of children and would be suitable to live with sensible children aged 5 and above. She knows her basic commands and is keen to learn new skills.

Overall she is a very lovable girl and would make a wonderful companion to most families.

Please note that Ruby is in foster care. You will need to book an appointment to view her.

This assessment is ongoing and may change at any time in the future.
