

Dexter

BREED

Staffordshire Bull Terrier Cross

AGE

7 years approx

COLOUR

Brindle

Dexter is 7 years old and is a medium sized staffy cross.

He is lovely one eyed boy who loves nothing more than a good cuddle up with you. He is keen to pick up new tricks and is happy taking his biscuits as rewards.

He enjoys playing with rope toys, although hasn't learnt to give them up on command just yet. He may be able to live with a compatible dog, subject to successful introductions.

He would suit most families and could live with children of primary school age and above, although they would need to understand how his vision is affected with one eye.

Dexter can be re-homed with Dee Dee

This assessment is ongoing and aspects may change as time goes by.
