BREED
Doberman

AGE

COLOUR

Dee Dee is a 4 year old Doberman. She is a nervous girl but can be very sweet once you gain her trust. New environments and unexpected noises can unsettle her and she will need help building up her overall confidence. She is very intelligent and picks up new training tricks and commands with ease, however can pull on the lead so will need further loose lead training.

She can be a wary of unknown dogs, but is very content with her friend Dexter, whom she lived with previously. **Dee Dee can be re-homed with Dexter**, however would not be well suited to go with an unknown dog.

She requires an owner with Doberman, or similar breed experience. Dee Dee cannot live with cats and will require a home with children aged 16+ due to her nervous temperament.

This assessment is ongoing and may change at any time in the future.
