Roxy is a beautiful young girl with a heart of gold.

She loves spending time with you and is very affectionate and loving once she gets to know you.

She walks nicely on the lead, although can be a tad stubborn if she sees or sniffs something she wants to investigate further!

Roxy loves to play, and loves her toys, she picks up on training very well and already knows lots of commands.

Roxy could live with children aged 5+ and could live with another dog depending on compatibility.

This assessment is ongoing and may change as time goes on.
