

George

BREED

Staffordshire Bull Terrier

AGE

4 years

COLOUR

Black and White

George is a very sweet 4 year old boy with a calm personality, he seems to be very relaxed in most environments and is just happy to curl up in a bed and have a nap, although George can mouth sometimes when he becomes distressed but will stop once you say down.

He loves receiving plenty of fuss and often sits by you happily whilst having a stroke. George just loves his teddies and becomes very excited when he is given a new one; he walks wonderfully on the lead and is picking up training really quickly whilst already knowing plenty of tricks. George is happy to meet everyone he sees, he just loves human attention.

George is looking for a nice quiet home environment with no other animals or children.
