Rosa is a 6yr old gentle giant who loves fuss and affection.

She has a good basic knowledge of her commands and loves learning new things. She enjoys her food and this is a great way to her heart and makes training fun and engaging.

She is a strong girl who pulls slightly on the lead, but is responding well to her lead training here at the centre.

Rosa is always pleased to see you and greets everyone with a warm welcome.

Rosa could live with children aged 12+ and would like to be the only animal in the home so that she can have everyones full attention.

This assessment is ongoing and aspects may change as time goes by.
