

## Charles

**BREED**  
Mastiff

**AGE**  
2 Years (approx)

**COLOUR**  
Grey Brindle

This is a very special appeal. We truly believe that there is a home for every animal, it is just finding it and some may prove harder than others but when it happens, it's worth it. Charles is a 2 year old Mastiff and full of character. He can be quite determined at times but has responded great at the centre with his training. He cannot live his life in a kennel environment and now we need to help him with the next step of his journey. We are looking for a long term fosterer, with a possible view to adopt. This person would need to visit multiple times to demonstrate they would be able to have full control of Charles and obviously to bond with him. They would need to be fairly local to the Preston area as its imperative that we receive regular contact. As Charles is very big and headstrong he cannot go to a home with children or where children visit and there can't be any cats or dogs there. Minimum 6ft fences and secure garden will be needed so Charles has room to exercise off lead freely. If you feel you might be able to offer this gorgeous lad a chance then please ask at Reception for details. A member of our staff has worked so hard with Charles and this hard work and commitment has paid off. Charles has formed an extremely close bond with this member of staff but unfortunately he already has a dog so adoption isn't possible but we know the right person is out there, do you think you might be the person for Charles?
