This handsome lad, Jynx, is looking for his furever home.

Jynx is 10 years old, he is confident, very friendly and has settled at the cattery really well. He greets everyone with a welcome meow!

He loves attention and one of his favourite things to do is to sit on your lap and watch the world go by.

He isn't afraid to ask for what he wants and can be a bit vocal when he wants attention from you.

Jynx will need access to the outdoors and can't live on a main road or near a railway.

He would like to be the only pet in the home .

This assessment is ongoing and may change at any point in the future.

If you would like more information about any of our cats available for adoption or for an application form please contact the branch

I'd prefer to be the only cat in a home

I need to be able to go outside and explore
