

Angelica

BREED

Domestic Shorthair

AGE

3 years

COLOUR

Black

Angelica is a nervous little cat who spends most of her time snuggled up in her bed. She isn't too keen on accepting our affection just yet but in the right home, we think she will gain confidence and blossom

This 3 year old girl needs a quiet home with a patient owner who will give her the time to relax and gain confidence gradually.

Angelica would like to be in an adult only home with no other pets.

She would also need access to the outdoors so can't live in a home on a main road or near a railway.

This assessment is ongoing and may change at any point in the future.

If you would like more information about any of our cats available for adoption or for an application form please contact the branch.

Please donate using the link below. Thank you!

I'd prefer an adult only household

I need to be able to go outside and explore

I'm independent; I like to do my own thing
