

Lizzy

BREED

Domestic Shorthair

AGE

2 years

COLOUR

Black

Lizzy is a shy 2 year old girl who has taken time to settle in the cattery but has come along well and is now happy to approach us for a bit of fuss. With a bit of time Lizzy's personality will blossom and she will show her true colours.

Lizzy is semi long-haired and will need regular grooming, although she is still a little unsure of the brush and needs lots of positive reinforcement to build her confidence with this. Lizzy will need time to settle in to a new home and allowed to come round in her own time.

Lizzy will be looking for a quiet home with older cat savvy children and to be the only pet in the household. She will need access to the outside so can't live on a main road or near any railways.

This assessment is ongoing and may change at any point in the future.

If you would like more information about any of our cats available for adoption or for an application form please contact the branch.

I'd prefer to be the only cat in a home

I need to be able to go outside and explore
