Black

Applicants must live within an hour of the centre

Affectionate Jack is looking for his new home!

Jack is such a loving boy who is always pleased to see you and receive fuss from you. As soon as someone enters the cattery he is up and about meowing for some attention and will roll over onto his back whilst you fuss him.

When Jack first arrived he was timid and he may go back to being this way when in a new environment so he will need a family that will be able to give him that time and space whilst he settles but once he has made himself at home it will be like he has always been there.

Jack is looking for a home where he is the only pet and he can live with children aged 10 and above.

Jack will need access to the outdoors so cannot live on a house that is on the main road or near a railway.

This assessment is ongoing and behaviours may change.

Please contact the branch if you are interested in adopting Jack.

I need to be able to go outside and explore

I'd prefer to be the only cat in a home

I would prefer not to live with a dog
