**** Special Appeal ****

Izzy is a very special 2 year old lurcher crossbreed who arrived in our care in January after a very rough start in life.

Izzy has been previously beaten and abused by her original owner before being tied up in a charity shop and abandoned.

Due to her traumatic background Izzy is extremely fearful of new people and it takes a very long time and a lot of patience to gain her trust.

We are looking for a very special home for this truly wonderful girl where she can be given the time and the space to adapt to her new surroundings. Her new home must be a quiet one, with no children or other animals and ideally one where her new owners would not be likely to have many visitors round to the house.

Once Izzy gets to know you she is the sweetest, funniest and most loving dog you can ever have the pleasure of knowing, however potential adopters must understand that the adoption process will be a long and slow one for Izzy as we must ensure that she is 100% comfortable with her new family and this will be taken at her pace.

Potential adoptors must be willing to commit to multiple consecutive viewings with Izzy to help create that special bond with her and to receive support from the behaviourist who has been working with Izzy from the start of her journey with us.
