Tan and White

Lenny is a stunning 2 year old Lurcher who steals the hearts of everyone he meets.

He is a friendly young lad and loves to spend his days snoozing on the sofa and receiving plenty of fuss.

Lenny struggles when being left on his own and will require a home where someone is around most of the time and can help him build up to being left alone for short periods of time.

Lenny loves to meet other dogs, however is a frustrated greeter and will need owners who can introduce him to other dogs slowly and in a controlled way.

Please note that at the present time we are not rehoming dogs to households with other animals or with children under the age of 16.

Applications must live within 1 hour of the animal centre.
